### Notice of Office Relocation

We would like to take this opportunity to express our sincere appreciation for your continued support.

Our company has been implementing company-wide telework since March 2020 as a countermeasure against the COVID-19 situation, and with the safety of our employees as our top priority, we plan to continue with a work system that encourages telework. In line with this, we have relocated our office to the offices of our parent company, Advanced Data Controls, Inc. and will begin operations on October 15.

With this relocation, all of us are ready to carry out our work with a renewed spirit.

We look forward to your continued support and encouragement.  
We would like to take this opportunity to extend our sincere greetings to you.

Yours sincerely
